Lawn Maintenance Service

Problem Description:

Lawn Maintenance is an importance part of owning a house or living in a house. When the grass gets too full and are rough, they are to be trimmed to look nice and clean. In some areas, city will charge people for not mowing their lawn or for not taking care of their lawn. Most new Homeowners do not know how to properly mow their lawn because they have not done it before. Properly and safely mowing the lawn can improve the appearance of the house.

It is recommended that you call the professional when you need the lawn to be properly mowed. The professionals, the Lawn Maintenance Service know how tall from the root your grass is and how low they need to cut each side so as not to cut too deep or too light.

System Capability:

- Accept Customers Information and Store the Information,
- Accept Workers Information,
- Show Customer Demand to Workers,

- Workers accept work.

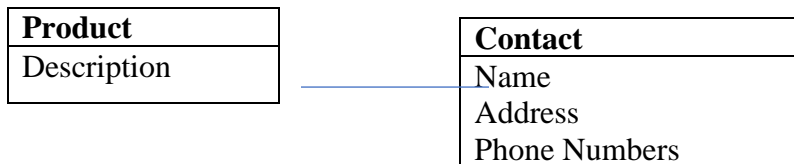

Business Benefit:

Lawn Maintenance will provide excellent service so that your lawn will be looking good and healthy all year round. They will clean up any leaves or weeds from the lawn and clean the driveway from any grass.
